AQUA-STEP XL

DIGITAL PRINT PANELS

Een uniek design voor uw wand

Een bijzondere wand precies in uw smaak in de badkamer of andere ruimte? Met Aqua-Step XL digitaal geprinte panelen kan het!

Aqua-Step XL zijn watervaste SPC panelen die direct tegen de wand aangebracht worden. Omdat de panelen vrijwel naadloos aansluiten, kan er met een innovatieve digitale techniek een doorlopende afbeelding op worden gedrukt. Door het unieke laksysteem dat uit meerdere lagen bestaat, is de toplaag extreem duurzaam en kiest u voor een wand die langdurig mooi blijft.

De panelen zijn 260,5 cm lang en 46 cm breed. De breedtes (en de maximale breedte) van de wand waarin de afbeeldingen beschikbaar zijn, staat aangegeven bij de foto's in dit boek. De keuze is grenzeloos, een bijzondere foto, hout-, marmer- of steeneffect, dus creëer uw eigen unieke sfeer!

Un design unique pour votre mur

Vous souhaitez un mur original et à votre goût dans votre salle de bains ou une autre pièce? Les panneaux Aqua-Step XL imprimés numériquement sont faits pour vous!

Aqua-Step XL, ce sont des panneaux en SPC étanches à appliquer directement sur le mur. Dans la mesure où ces panneaux sont pratiquement dépourvus de jonction visible, un motif ininterrompu peut y être imprimé à l'aide d'une technique numérique innovante. Le système unique de revêtement multicouche garantit une couche supérieure extrêmement durable, gage d'un mur qui conserve sa beauté à long terme.

Les panneaux ont une longueur de 260,5 cm et une largeur de 46 cm. Les largeurs (et la largeur maximale) du mur dans lequel les images sont disponibles, sont indiquées avec les photos dans ce livre. Vous avez l'embarras du choix : photo spéciale, effet marbre ou effet pierre. De quoi créer l'ambiance qui vous plaît!

A unique design for your wall

A special wall exactly to your taste in the bathroom or other room? With Aqua-Step XL digitally printed panels it is possible!

Aqua-Step XL are waterproof SPC panels that are installed directly against the wall. Because the panels connect almost seamlessly, an innovative digital technique can be used to print a continuous image. Due to the unique lacquer system that consists of several layers, the top layer is extremely durable and robust.

The panels are 260.5 cm long and 46 cm wide. The widths (and the maximum width) of the wall in which the images are available are indicated in the photos in this book. The choice is limitless, a special photo, wood, marble or stone effect, so create your own unique atmosphere!

Ein einzigartiges Design für Ihre Wand

Eine besondere Wand ganz nach Ihrem Geschmack im Badezimmer oder in anderen Räumen? Mit Aqua-Step XL digital bedruckten Paneelen ist es möglich!

Aqua-Step XL sind wasserfeste SPC-Platten, die direkt an der Wand montiert werden. Da sich die Platten nahezu nahtlos verbinden, kann eine innovative digitale Technik verwendet werden, um ein kontinuierliches bzw. großflächiges Bild zu drucken. Durch das einzigartige Lacksystem, das aus mehreren Schichten besteht, ist die Deckschicht extrem robust und widerstandsfähig.

Die Paneele sind 260,5 cm lang und 46 cm breit. Die Breiten (und die maximale Breite) der Wand, in der die Bilder verfügbar sind, sind in den Fotos in diesem Buch angegeben. Die Auswahl ist grenzenlos, ein besonderer Foto-, Holz-, Marmor- oder Steineffekt. So gestalten Sie ihre individuelle Wand, die einzigartig und langlebig ist.
